PROVEN PERFORMER

Vended Stack Tumble Dryers

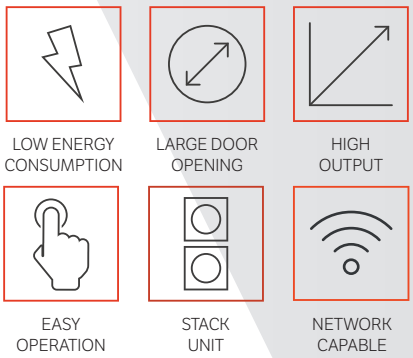
STT30, STT45 (Gas Heat Standard)

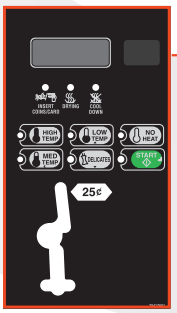
Features

- Double capacity in same floor space
- Extra large cylinder capacity
- Large door opening for easy loading and unloading
  - extra strong hing and reversible door
- Galvanized drum - oval drum holes preventing damage from standard drywall screws
- Unique suspension system
  - at the rear: bearings
  - at the front: rubber rollers with bearings
- Large lint filter - easy removal of lint, efficient drying
- Axial airflow
  - drum perforations only at the front and back
  - maximum airflow, less energy consumption and short drying times
- Average of 40% lower energy input compared with Speed Queen classic tumblers
- Overall utility savings per year are around 5%
- Quantum™ Gold Controls
  - easy to operate
  - flexibility of 5 programmable cycles
- Single slot electronic multi denomination coin drop for versitility and accuracy
- Digital display and countdown

Options

- Electric and Steam heat
- LPG Conversion
- Stainless steel front and tumbler cylinder
- Quantum Network Control Card (NK301)
- ECO Energy saver models





Quantum™ Gold Control

Quantum™ Gold Controls

In addition to its network capabilities and remote off-site management features, Quantum™ Gold offers additional owner and customer benefits such as PC programming and machine audit capabilities, as well as time-of-day pricing, a "lucky cycle" for loyal customers and the ability to interface with the store owner's payment systems. Cycle modifier keys create additional profit opportunities for store owners.
